In accordance with 39 C.F.R. § 3015.5 and Order No. 3395,<sup>1</sup> the United States Postal Service (Postal Service) hereby gives notice that it is entering into a Global Plus 1D contract. Prices and classifications not of general applicability for Global Plus 1D Contracts were previously established by the Decision of the Governors of the United States Postal Service on the Establishment of Prices and Classifications for Global Plus Contracts, issued on May 28, 2008 (Governors' Decision No. 08-8).<sup>2</sup> Subsequently, the Postal Regulatory Commission (Commission) determined that the Global Plus 1D contracts filed in Docket Nos. CP2008-9 and CP2008-10,<sup>3</sup> and the Global Plus 1D contracts filed in Docket Nos. CP2009-46 and CP2009-47,<sup>4</sup> were functionally equivalent

CP2008-8, CP2008-9, and CP2008-10, June 16, 2008. <sup>10</sup> The financial workpapers for the agreement that is the subject of this docket are very similar in format to the financial workpapers for the agreement that is the subject of Docket No. CP2018-4. The Postal Service acknowledges the requirement in 39 C.F.R. 3007.10(b) and (c) to provide a redacted copy of non-public materials; however, the Postal Service respectfully requests that the Commission consider the redacted financial workpapers for the Global Plus 1D contract filed in CP2018-4 as representative of the financial workpapers filed by the Postal Service in this docket today were those financial workpapers to be redacted. The preparation and review of redacted versions of the fourteen Excel sheets filed under seal in this docket, each of which has multiple tabs, would be a time-consuming task, and the Postal

statement required by 39 C.F.R. § 3015.5(c)(2) for the contract, and a redacted version of Governors' Decision No. 11-6 are filed as Attachments 1, 2, and 3, respectively.

Attachment 4 to this Notice is the Postal Service's Application for Non-public Treatment of materials filed under seal in this docket. A full discussion of the required elements of the application appears in Attachment 4. .

### ***I. Background***

The first Global Plus 1D contract was filed on June 7, 2016.<sup>11</sup> The Postal Service demonstrates below that the agreement that is included with this filing is functionally equivalent to the contract that is the subject of Docket No. CP2016-193. Accordingly, this contract should be included within the Global Plus 1D product.

### ***II. Identification of the Additional Global Plus 1D Contract***

The Postal Service believes that this additional Global Plus 1 contract fits within the Mail Classification Schedule (MCS) language for Global Plus 1D.<sup>12</sup> This additional Global Plus 1D contract is intended to become effective on November 15, 2017. Should the Commission not complete its review by this date, the Postal Service will notify the customer and the Commission of the effective date. If the effective date of the agreement is the first of the month, the agreement that is the subject of this docket is set to expire one year after its effective date. If the effective date of the agreement is

Service respectfully requests that the Commission consider this method of meeting the 39 C.F.R. 3007.10(b) and (c) requirement, which would significantly reduce the administrative burden on the Postal Service.

not the first of the month, the agreement is set to expire on the last day of the month in which the effective date falls in the year subsequent to the effective date.

### ***III. Functional Equivalence of Global Plus 1D Contracts***

The Global Plus 1D contract under consideration is substantially similar to the Global Plus 1D baseline contract filed in Docket No. CP2016-193. The contracts share similar cost and market characteristics. The pricing formula relied on for these Global Plus 1D contracts is in Governors' Decision No. 11-6, which is included as Attachment 3 to this filing. Therefore, the costs of each Global Plus 1D contract conform to a common description. In addition, the Global Plus 1D language in the MCS requires that each Global Plus 1D contract must cover its attributable costs. The contract at issue here meets the Governors' criteria and thus exhibits similar cost and market characteristics to the previous Global Plus 1 contracts.

The functional terms of the contract that is the subject of this filing are very similar to those of the contract that is the subject of Docket No. CP2016-193, which serves as the baseline agreement for the Global Plus 1D product grouping. The benefits of the contract to the Postal Service are comparable as well. Therefore, the Postal Service submits that the contract is functionally equivalent to the contract that is the subject of Docket No. CP2016-193, and should be added to the Global Plus 1D product grouping.

In a concrete sense as well, this Global Plus 1D contract shares the same cost and market characteristics as the previous Global Plus 1D contracts. Customers for Global Plus 1D contracts are Postal Qualified Wholesalers (PQWs) and other large businesses that offer mailing services to end users for shipping articles via International

Priority Airmail, International Surface Air Lift, Priority Mail Express International, Priority Mail International, and/or Commercial ePacket service. Prices offered under the contracts may differ depending on the volume or postage commitments made by the customers. Prices also may differ depending upon when the agreement is signed, because of the incorporation of updated costing information. These differences, however, do not alter the contracts' functional equivalency. Because the agreement incorporates the same cost attributes and methodology, the relevant characteristics of this Global Plus 1D agreement are similar, if not the same, as the relevant characteristics of the Global Plus 1D baseline contract.

Like the contract that is the subject of Docket No. CP2016-193, this contract also fits within the parameters outlined by the Governors' Decisions establishing and authorizing the rates for Global Plus 1D agreements. There are, however, differences between this contract and the contract that is the subject of Docket Nos. CP2016-193, which include:

- The name and address of the customer in the title and first paragraph of the agreement, the customer's representative to receive notices under the agreement in Article 26, and the name of the customer on the signatory page as well as in the footers on each page of the text of the agreement;
- In Article 3, revisions to paragraphs 3 and 4;
- In Article 4, revisions to paragraphs 3 and 6, and deletion of paragraphs 7 through 11;
- In Article 7, revisions to paragraph 1 the negotiated minimum revenue commitment, revisions to paragraph 2 concerning tender, revisions to

paragraph 3 concerning tender locations, revisions to paragraph 5 regarding payment of postage and applicable conditions, the removal of paragraph 9, as well as revisions to paragraph 10 and 11 concerning customs and export documentation;

- A revised Article 8 regarding postage prices;
- The removal of Article 9 concerning approval of prices, which caused the renumbering of subsequent articles;
- Revisions to Article 11 concerning term of the agreement;
- The removal of Article 13 regarding penalty and reimbursement, which also caused renumbering of subsequent articles;
- A revised Article 12 concerning termination of the agreement;
- Revisions to Article 13 concerning postage updates;
- A revision to Article 28 paragraph 1 concerning Conditions Precedent;
- The addition of paragraphs 2 and 3 to Article 33 concerning Warranties and Representations;
- The addition of Article 34 regarding Sovereign Acts;
- Revised Annexes 1 and 2; and
- The addition of Annex 3 concerning International Priority Airmail Service and International Surface Air Lift Service.

The Postal Service does not consider that the specified differences affect either the fundamental service the Postal Service is offering or the fundamental structure of the contract. Nothing detracts from the conclusion that this agreement is “functionally

equivalent in all pertinent aspects”<sup>13</sup> to the contract that is the subject of Docket No. CP2016-193.

#### ***IV. Conclusion***

For the reasons discussed, and on the basis of the financial data filed under seal, the Postal Service has established that this Global Plus 1D contract is in compliance with the requirements of 39 U.S.C. § 3633. In addition, the contract is functionally equivalent to the baseline Global Plus 1D contract that is the subject of Docket No. CP2016-193. Accordingly, the contract should be added to the Global Plus 1D product grouping.

The minimum commitment for Qualifying Mail as set forth in Article 7 of this Agreement shall be recalculated pro rata to reflect the reduction in available service time.

**10. Governing Law** This Agreement shall be governed by, construed under, and enforced in accordance with United States federal law.

**11. Term of the Agreement** (1) The USPS will notify the Mailer of the Effective Date of the Agreement within thirty (30) days after receiving the approval of the entities that have oversight responsibilities for the USPS. If the Effective Date of this Agreement is the first of the month, the Agreement shall remain in effect for one calendar year from the Effective Date (for example, if the Effective Date of the Agreement is April 1, the Agreement will expire on March 31 of the subsequent year), unless terminated sooner pursuant to Article 12 or Article 24. If the Effective Date of this Agreement is not the first of the month, the Agreement shall remain in effect until the last day of the month in which the Effective Date falls in the year subsequent to the Effective Date (for example, if the Effective Date of the Agreement is April 2 or a later day in April, the Agreement will expire on April 30 in the subsequent year), unless terminated sooner pursuant to Article 12 or Article 24. (2) The Mailer acknowledges that this Agreement is subject to regulatory oversight and such oversight might affect the Effective Date. (3) If the Mailer has met its annualized minimum commitment under Article 7 Paragraph 1, the USPS may, prior to the expiration of this Agreement, provide notice to the Mailer in accordance with Article 26 that this Agreement has been extended for up to an additional three (3) months, and the USPS reserves the right to adjust the duration of such extension, depending on the effective date, if any, of a successor agreement with the Mailer.

**12. [REDACTED]

I, Steven Phelps, Manager, Regulatory Reporting and Cost Analysis, Finance Department, United States Postal Service, am familiar with the prices for the Global Plus Contract with [REDACTED]. The prices contained in this contract were established by the Decision of the Governors of the United States Postal Service on the Establishment of Prices and Classifications for Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates, issued on March 22, 2011 (Governors' Decision No. 11-6), which established prices by means of price floor formulas.

I hereby certify that the numerical cost values underlying the prices in the [REDACTED] contract are the appropriate costs to use in the formulas and represent the best available information. The prices, resulting in a cost coverage in excess of the minimum required by the Governors' Decision, are in compliance with 39 U.S.C § 3633 (a)(1), (2), and (3). The prices demonstrate that the Contract should cover its attributable costs and preclude the subsidization of competitive products by market dominant products. International competitive mail accounts for a relatively small percentage of the total contribution by all competitive products. Contribution from Global Plus Contracts should be even smaller. The Agreement with [REDACTED] should not impair the ability of competitive products on the whole to cover an appropriate share of institutional costs.

**DECISION OF THE GOVERNORS OF THE UNITED STATES POSTAL SERVICE ON THE ESTABLISHMENT OF PRICES AND CLASSIFICATIONS FOR DOMESTIC COMPETITIVE AGREEMENTS, OUTBOUND INTERNATIONAL COMPETITIVE AGREEMENTS, INBOUND INTERNATIONAL COMPETITIVE AGREEMENTS, AND OTHER NON-PUBLISHED COMPETITIVE RATES (GOVERNORS' DECISION NO. 11-6)**

---

March 22, 2011

**STATEMENT OF EXPLANATION AND JUSTIFICATION**

Pursuant to our authority under section 3632 of title 39, as amended by the Postal Accountability and Enhancement Act of 2006 ("PAEA"), we establish new prices not of general applicability for certain of the Postal Service's competitive service offerings, and such changes in classification as are necessary to implement the new prices.

This decision establishes prices for Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates. Domestic Competitive Agreements consist of negotiated service agreements with Postal Service customers for domestic services that are categorized as competitive in accordance with 39 U.S.C. § 3642(b)(1)-(2). Outbound International Competitive Agreements consist of negotiated service agreements with Postal Service customers for outbound international services that are categorized as competitive in accordance with 39 U.S.C. § 3642(b)(1)-(2). Inbound International Competitive Agreements consist of negotiated service agreements with foreign postal operators or other entities for inbound international services that are categorized as competitive in accordance with 39 U.S.C. § 3642(b)(1)-(2). Other Non-Published Competitive Rates consist of rates not of general applicability that are not embodied in contractual instruments, but nonetheless arise from other sources, such as the Universal Postal Convention.

**Page 2**

With respect to any product within the above categories, management is hereby authorized to prepare any necessary product description, including text for inclusion in the Mail Classification Schedule, and to present such product description to the Postal Regulatory Commission.

The Postal Accountability and Enhancement Act (PAEA) requires that prices for competitive products must cover each product's attributable costs, not result in subsidization by market dominant products, and enable all competitive products to contribute an appropriate share to the Postal Service's institutional costs. For agreements subject to this Decision, there are hereby established all prices that will cover [REDACTED] [REDACTED] costs for the relevant product and that conform in all other respects to 39 U.S.C. §§ 3632-3633 and 39 C.F.R. §§ 3015.5 and 3015.7. As discussed in the accompanying management analysis, the Chief Financial Officer (or his delegee(s)) shall certify that all cost inputs have been correctly identified for prices subject to this Decision and that all prices subject to this Decision conform to this Decision and to the requirements of the PAEA.

No agreement, grouping of functionally equivalent agreements, or other classification authorized pursuant to this Decision may go into effect unless it is submitted to the Postal Regulatory Commission with a notice that complies with 39 U.S.C. § 3632(b)(3). On a quarterly basis, management shall furnish the Governors with a report on all non-published rate and classification initiatives. Not less than once each year, the Governors shall review the basis for this Decision and make such further determination as they may deem necessary. This Decision does not affect postal management's obligation to furnish to the Board of Governors information regarding any significant, new program, policy, major modification, or initiative, or any other matter under 39 C.F.R. § 3.7(d), including where such a matter also falls within the scope of this Decision.

This Decision does not supersede or otherwise modify Governors' Decision Nos. 08-5, 08-6, 08-7, 08-8, 08-10, 08-20, 08-24, 09-5, 09-6, 09-7, 09-14, 09-15, 09-16, 10-1, 10-2, 10-3, 10-6, and 10-7, nor does it affect the validity of prices and classifications established under those Decisions. Management may also continue to present to the Postal Regulatory Commission for its review, as appropriate, rate and classification changes to succeed the minimum and maximum non-published rates in Decision Nos. 10-2 and 10-6.

**ORDER**

In accordance with the foregoing Decision of the Governors, the prices set forth herein for Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates and the changes in classification necessary to implement those prices, are hereby approved and ordered into effect. An agreement is authorized under this Decision only if the prices fall within this Decision and the certification process specified herein is followed. Prices and classification changes established pursuant to this Decision will take effect after filing with and completion of review by the Postal Regulatory Commission.

### **Management Analysis of Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates**

This analysis concerns the inbound competitive prices and classifications in the Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates (collectively, "competitive instruments"). Competitive instruments are often negotiated with customers and foreign postal operators for better cost coverage, higher overall contribution, and improved service with respect to postal services classified as competitive. They may also arise from other sources, such as the Universal Postal Convention.

The cost coverage for each competitive agreement or grouping of functionally equivalent instruments (collectively, each "product") will be [REDACTED]

[REDACTED]

Each competitive instrument may have multiple price categories and negotiated components. Examples of such categories or components would be Priority Mail, Express Mail, Parcel Return Service, Priority Mail International, Express Mail International, International Priority Airmail, International Surface Air Lift, Inbound Air Parcel Post, Inbound Surface Parcel Post, Inbound Direct Entry, and Inbound International Expedited Services. These or other categories may include other services that the relevant customer or foreign postal operator offers to its customers under differing terms, but that nevertheless are processed and delivered in the same manner within the United States Postal Service's network. Such instruments may also establish negotiated rates for services ancillary to such items and for customized competitive services developed for application solely in the context of the agreement.

Prices established by these formulas should not interfere with competitive products' ability as a whole to comply with 39 U.S.C. § 3633(a)(3), which, as implemented by (39 C.F.R. § 3015.7(c)) requires competitive products to contribute a minimum of 5.5 percent to the Postal Service's total institutional costs. Accordingly, no issue of subsidization of competitive products by market dominant products should arise (39 U.S.C. § 3633(a)(1)).

**CERTIFICATION OF GOVERNORS' VOTE  
IN THE  
GOVERNORS' DECISION NO. 11-6**

I hereby certify that the Governors voted on adopting Governors' Decision No. 11-6, and that, consistent with 39 USC 3632(a), a majority of the Governors then holding office concurred in the Decision.

## **APPLICATION OF THE UNITED STATES POSTAL SERVICE FOR NON-PUBLIC TREATMENT OF MATERIALS**

In accordance with 39 C.F.R. § 3007.21 and Order No. 225,<sup>1</sup> the United States Postal Service (Postal Service) hereby applies for non-public treatment of certain materials filed with the Commission in this docket. The materials pertain to a Global Plus 1D contract that the Postal Service believes is functionally equivalent to previously filed Global Plus 1D contracts.<sup>2</sup> The contract that is the subject of this docket and supporting documents establishing compliance with 39 U.S.C. § 3633 and 39 C.F.R. § 3015.5 are being filed separately in this docket under seal with the Commission. A redacted copy of the contract, a redacted version of the certified statement required by 39 C.F.R. § 3015.5(c)(2) for the contract, and a redacted version of Governors' Decision No. 11-6 are filed as Attachments 1, 2, and 3, respectively.

As stated in footnote 10 of the notice for this filing, the Postal Service respectfully requests that the Commission consider the redacted financial workpapers for the Global Plus 1D contract filed in CP2018-4 as representative of the financial workpapers filed by the Postal Service in this docket today, were those financial workpapers to be redacted. Thus, this application for non-public treatment also concerns the information that would be redacted in the financial documentation filed under seal in this docket, were that financial documentation to be redacted and filed publicly in separate Microsoft Excel documents in this docket.

<sup>1</sup> PRC Order No. 225, Final Rules Establishing Appropriate Confidentiality Procedures, Docket No. RM2008-1, June 19, 2009.

<sup>2</sup> See PRC Order No. 3395, Order Adding Global Plus 1D to the Competitive Product List and Approval of Designation as Baseline Agreement, Docket No. CP2016-193, June 29, 2016.

The Postal Service hereby furnishes the justification required for this application by 39 C.F.R. § 3007.21(c) below.

**(1) The rationale for claiming that the materials are non-public, including the specific statutory basis for the claim, and a statement justifying application of the provision(s);**

Information of a commercial nature, which under good business practice would not be publicly disclosed, as well as third party business information, is not required to be disclosed to the public. 39 U.S.C. § 410(c)(2); 5 U.S.C. § 552(b)(4). The Commission may determine the appropriate level of confidentiality to be afforded to such information after weighing the nature and extent of the likely commercial injury to the Postal Service against the public interest in maintaining the financial transparency of a government establishment competing in commercial markets. 39 U.S.C. § 504(g)(3)(A).<sup>3</sup> Because the portions of materials filed non-publicly in this docket fall within the scope of information not required to be publicly disclosed, the Postal Service asks the Commission to support its determination that these materials are exempt from public disclosure and grant its application for their non-public treatment.

**(2) Identification, including name, phone number, and email address for any third-party who is known to have a proprietary interest in the materials, or if such an identification is sensitive, contact information for a Postal Service employee who shall provide notice to that third party;**

Concerning this Global Plus 1D contract, the Postal Service believes that the third parties with a proprietary interest in the materials are the customer with whom the contract is made, and foreign postal operators.

---

<sup>3</sup> The Commission has indicated that “likely commercial injury” should be construed broadly to encompass other types of injury, such as harms to privacy, deliberative process, or law enforcement interests. PRC Order No. 194, Second Notice of Proposed Rulemaking to Establish a Procedure for According Appropriate Confidentiality, Docket No. RM2008-1, March 20, 2009, at 11.

The Postal Service maintains that customer identifying information should be withheld from public disclosure. Therefore, rather than identifying the customer for these contracts, the Postal Service gives notice that it has already informed the customer, in compliance with 39 C.F.R. § 3007.20(b), of the nature and scope of this filing and its ability to address its confidentiality concerns directly with the Commission. The Postal Service employee responsible for providing notice to the customer with proprietary interest in the materials filed in this docket is Ms. Amy E. Douvlos, Marketing Specialist, Global Business, United States Postal Service, 475 L'Enfant Plaza, SW, Room 5427, Washington, DC 20260-4017, whose email address is [Amy.E.Douvlos@usps.gov](mailto:Amy.E.Douvlos@usps.gov), and whose telephone number is 202-268-3777.

As for foreign postal operators, the Postal Service recently provided notice to all foreign postal operators within the Universal Postal Union network through an International Bureau Circular issued on January 23, 2017, that the Postal Service will be regularly submitting certain business information to the Commission. Some UPU-designated foreign postal operators may have a proprietary interest in such information. The circular includes information on how third parties may address any confidentiality concerns with the Commission. In addition, contact information for all UPU Designated Operators is available at the following link, which is incorporated by reference into the instant application: [http://pls.upu.int/pls/ap/addr\\_public.display\\_addr?p\\_language=AN](http://pls.upu.int/pls/ap/addr_public.display_addr?p_language=AN).<sup>4</sup>

**(3) A description of the materials claimed to be non-public in a manner that, without revealing the materials at issue, would allow a person to thoroughly evaluate the basis for the claim that they are non-public;**

---

<sup>4</sup> To the extent required, the Postal Service seeks a waiver from having to provide each foreign postal operator notice of this docket. It is impractical to communicate with dozens of operators in multiple languages about this matter. Moreover, the volume of contracts would overwhelm both the Postal Service and the applicable foreign postal operators with boilerplate notices.

In connection with its Notice filed in this docket, the Postal Service included a contract, the certified statement required for the contract by 39 C.F.R. § 3015.5(c)(2), certifying that the agreement should meet the requirements of 39 U.S.C. § 3633(a)(1), (2), and (3), as well as the applicable Governors' Decision No. 11-6. These materials were filed under seal, with redacted copies filed publicly, after notice to the customer. The Postal Service maintains that the redacted portions of these materials should remain confidential.

In addition, in connection with its Notice filed in this docket, the Postal Service included financial workpapers. As noted above, in footnote 10 of the notice for this filing the Postal Service respectfully requests that the Commission consider the redacted financial workpapers for the Global Plus 1D contract filed in CP2018-4 as representative of the financial workpapers filed by the Postal Service in this docket today were those financial workpapers to be redacted. Thus, the Postal Service also maintains that the portions of the financial workpapers redacted in the representative redacted financial workpapers should remain confidential.

With regard to the contract filed in this docket, the redactions on page 1 and to the footers of each page, the article concerning notices, and the signature block constitute the name or address of a postal patron whose identifying information may be withheld from mandatory public disclosure by virtue of 39 U.S.C. § 504(g)(1) and 39 U.S.C. § 410(c)(2). The redacted portions of the footers of the Annexes also protect the customer's identifying information from disclosure.

Other redacted information in the agreement includes certain definitions, as well as negotiated contract terms, such as the minimum volume and/or revenue commitment

agreed to by the customer, and the percentage of cost increases that may trigger a consequential price increase.

The redactions made in the Annexes of the contract, other than those involving the customer's name, withhold the actual prices that are being offered to the customer in exchange for commitments and performance of its obligations under the terms of the agreement.

Governors' Decision No. 11-6 is reproduced as Attachment 3 and includes as supporting materials an Attachment A. Redactions appear on page two and in Attachment A of Governors' Decision No. 11-6. These redactions protect sensitive commercial information concerning the applicable cost-coverage.

The redactions applied to the financial workpapers in the representative redacted financial workpapers protect commercially sensitive information such as underlying costs and assumptions, pricing formulas, information relevant to the mailing profile of the customer, and cost coverage projections. To the extent practicable, the Postal Service has limited its redactions in the workpapers to the actual information it has determined to be exempt from disclosure under 5 U.S.C. § 552(b). However, in a limited number of cases, narrative passages, such as words or numbers in text, were replaced with general terms describing the redacted material. For example, where the mailer's name appears in the spreadsheet within a cell, it has been replaced by the word "Mailer."

Any performance reports that might be filed in this docket will typically show the actual revenue and cost coverage of the customer's completed contract. The Postal Service will redact all of the values represented in such performance reports as

commercially sensitive business information and will also protect any customer identifying information from disclosure.

**(4) Particular identification of the nature and extent of commercial harm alleged and the likelihood of such harm;**

If the portions of the contract that the Postal Service determined to be protected from disclosure due to their commercially sensitive nature were to be disclosed publicly, the Postal Service considers that it is quite likely that it would suffer commercial harm. Revealing customer-identifying information would enable competitors to focus marketing efforts on current postal customers, undermining the effort and resources that the Postal Service has invested in cultivating business relationships with those customers

Other redacted information in the Agreement (which is included as Attachment 1 to this notice) includes negotiated contract terms, such as the minimum volume and/or revenue commitment agreed to by the customer, various penalties and the percentage of cost increase which may trigger a consequential price increase. This information is commercially sensitive, and the Postal Service does not believe that it would be disclosed under good business practices. Competitors could use the information to assess the offers made by the Postal Service to its customers for any possible comparative vulnerabilities and focus sales and marketing efforts on those areas, to the detriment of the Postal Service. Additionally, other potential customers could use the information to their advantage in negotiating the terms of their own agreements with the Postal Service. The Postal Service considers these to be highly probable outcomes that would result from public disclosure of the redacted material.

The financial workpapers include specific information such as costs, assumptions used in pricing formulas, the formulas themselves, mailer profile information, projections

of variables, contingency rates included to account for market fluctuations and the exchange risks. All of this information is highly confidential in the business world. If this information were made public, the Postal Service's competitors would have the advantage of being able to determine the absolute floor for Postal Service pricing. Unlike its competitors, the Postal Service is required by the Mail Classification Schedule to demonstrate that each negotiated agreement within this group covers its attributable costs. Furthermore, the Postal Service's Governors have required that each contract be submitted to the Commission with a notice that complies with 39 C.F.R. § 3015.5.<sup>5</sup> Thus, competitors would be able to take advantage of the information to offer lower pricing to the Global Plus 1D customers, while subsidizing any losses with profits from other customers. Eventually, this could freeze the Postal Service out of the relevant delivery services markets. Given that these spreadsheets are filed in their native format, the Postal Service's assessment is that the likelihood that the information would be used in this way is great.

Potential customers could also deduce from the rates provided in the contract or from the information in the workpapers whether additional margin for net profit exists between the contract being filed and the contribution that Global Plus 1D contracts must make. From this information, each customer could attempt to negotiate ever-increasing incentives, such that the Postal Service's ability to negotiate competitive yet financially sound rates would be compromised. Even a customer involved in this filing could use the information in the workpapers in an attempt to renegotiate its own rates by threatening to terminate its current agreement, although the Postal Service considers this risk to be lower in comparison to those previously identified.

---

Price information in the contract also consists of sensitive commercial information of the customer. Disclosure of such information could be used by competitors of the customer to assess its underlying costs, and thereby develop a benchmark for the development of a competitive alternative.

**(5) At least one specific hypothetical, illustrative example of each alleged harm;**

Identified harm: Revealing customer identifying information would enable competitors to target the customers for sales and marketing purposes.

Hypothetical: The identity of the customer in this contract is revealed to the public. Another delivery service has an employee monitoring the filing of Global Plus 1D contracts and passing along the information to its sales function. The competitor's sales representatives can then quickly contact the Postal Service's customer and offer the customer lower rates or other incentives to terminate its contract with the USPS in favor of using the competitor's services.

Identified harm: Public disclosure of negotiated terms of the agreement could be used by competitors and potential customers to the Postal Service's detriment.

Hypothetical: Customer A signs a Global Plus 1D contract that is filed with the Postal Regulatory Commission. At the same time, Customer B is considering signing a similar Global Plus 1D contract and has no real concern about the penalty provision, which calls for Customer B to pay up to \$10,000 in penalty if it fails to meet its minimum volume commitment before termination of the agreement. The information about Customer A's penalty is made public. Customer A's agreement calls for a \$5,000

maximum payment as penalty. Customer B sees the information. Customer B now insists that it will not agree to be obligated to pay any more than Customer A was obligated to pay, diminishing the Postal Service's bargaining leverage.

Identified harm: Public disclosure of information in the financial workpapers would be used by competitors and customers to the detriment of the Postal Service.

Hypothetical: A competing delivery service obtains a copy of the unredacted version of the financial workpapers from the Postal Regulatory Commission's website. It analyzes the workpapers to determine what the Postal Service would have to charge its customers in order to meet its minimum statutory obligations for cost coverage and contribution to institutional costs. It then sets its own rates for products similar to what the Postal Service offers its Global Plus 1D customers under that threshold and markets its ability to guarantee to beat the Postal Service on price for international delivery services. By sustaining this below-market strategy for a relatively short period of time, the competitor, or all of the Postal Service's competitors acting in a likewise fashion, would freeze the Postal Service out of the business-to-business and business-to-customer delivery services markets for which the Global Plus 1D product is designed.

Identified harm: Public disclosure of the rate charts in the Annexes would provide potential customers extraordinary negotiating power to extract lower rates.

Hypothetical: Customer A's negotiated rates are disclosed publicly on the Postal Regulatory Commission's website. Customer B sees the rates and determines that

there may be some additional profit margin between the rates provided to Customer A and the statutory cost coverage that the Postal Service must produce in order for the agreement to be added to the competitive products list. Customer B, which was offered rates identical to those published in Customer A's agreement, then uses the publicly available rate information to insist that it must receive lower rates than those the Postal Service has offered it, or it will not use the Postal Service for its international delivery needs.

Alternatively, Customer B attempts to extract lower rates only for those destinations for which it believes the Postal Service is the low-cost provider among all service providers. The Postal Service may agree to this demand in order to keep the customer's business overall, which it believes will still satisfy total cost coverage for the agreement. Then, the Customer uses other providers for destinations other than those for which it extracted lower rates. This impacts the Postal Service's overall projected cost coverage for the agreement, such that it no longer meets its cost coverage requirement. Although the Postal Service could terminate the contract when it first recognized that the mailer's practice and projected profile were at variance, the costs associated with establishing the contract, including filing it with the Postal Regulatory Commission, would be sunk costs that would have a negative impact on the Global Plus 1D product overall.

Identified harm: Public disclosure of information in the financial workpapers would be used by the customer's competitors to its detriment.

Hypothetical: A firm competing with the customer obtains a copy of the unredacted version of one of the contracts and financial workpapers from the Postal Regulatory

Commission's website. The competitor analyzes the prices and the workpapers to assess the customer's underlying costs, volumes, and volume distribution for the corresponding delivery products. The competitor uses that information to (i) conduct market intelligence on the customer's business practices, and (ii) develop lower-cost alternatives using the customer's mailing costs as a baseline.

**(6) The extent of protection from public disclosure deemed to be necessary;**

The Postal Service maintains that the redacted portions of the materials filed non-publicly should be withheld from persons involved in competitive decision-making in the relevant delivery services markets, as well as their consultants and attorneys. Additionally, the Postal Service believes that actual or potential customers of the Postal Service for this or similar products should not be provided access to the non-public materials. This includes all competitors of the relevant customer, whether or not they are currently actual Postal Service customers.

**(7) The length of time deemed necessary for the non-public materials to be protected from public disclosure with justification thereof; and**

The Commission's regulations provide that non-public materials shall lose non-public status ten years after the date of filing with the Commission, unless the Commission or its authorized representative enters an order extending the duration of that status. 39 C.F.R. § 3007.30.

**(8) Any other factors or reasons relevant to support the application.**

None.

***Conclusion***

For the reasons discussed, the Postal Service asks that the Commission grant its application for non-public treatment of the identified materials.
